

The background of the entire page is a large, diagonal photograph of a renewable energy facility. It features rows of blue solar panels in the foreground, a large industrial building in the middle ground, and several wind turbines against a sunset sky in the background. The image is framed by dark red and orange diagonal borders.

# ABOUT US

Founded in 2017, N.B Services is a fast-growing, multi-disciplinary engineering and project execution company delivering comprehensive solutions across solar, wind, substation, electrical, and civil infrastructure domains. Over the years, we have built a strong reputation for reliability, technical excellence, and on-ground problem-solving, making us a trusted partner for large-scale EPC contractors and developers across India.

With a diverse portfolio covering project execution, O&M; services, machinery supply, skilled & unskilled manpower deployment, heavy equipment services, logistics support, and ROW resolution, N.B Services provides end-to-end support across every stage of a project. Our integrated solutions enable clients to achieve smooth workflow, reduced downtime, and successful, timely completion of projects.

At the heart of N.B Services is a passionate and experienced team—project managers, site in-charges, supervisors, engineers, safety officers, and administrative professionals—each committed to delivering results that exceed expectations.

Our growing fleet of modern machinery and equipment allows us to handle challenging on-site conditions with efficiency and precision. We believe in maintaining the highest standards of safety, quality, and operational discipline,
